DATE: June 17, 1966

FOIA(b) (7) - (D)

SUBJECT: HAMILTON HIGH SCHOOL STUDENT PEACE UNION(HHSSPU)  
IS - C

During the morning of June 17, 1966, [redacted] (who has furnished reliable information and whose identity must be concealed) orally advised the writer that a representative of a new organization, the Hamilton High School Student Peace Union (HHSSPU), attended a meeting of the Greater Los Angeles Peace Action Council (GLAPAC), held during the late evening of June 16, 1966, at the Mount Hollywood Congregational Church, Hollywood, California.

[redacted] reported the individual representing HHSSPU at this GLAPAC meeting was tentatively identified as JEFF SCHMIDT (phonetic).

The purpose of this GLAPAC meeting was to discuss demonstrative action to be aimed at President LYNDON B. JOHNSON, if he comes to Los Angeles to address the national Governors' Conference during the period from July 4 through 8, 1966.

Also on June 17, 1966, Mr. CECIL C. NUNN, Director of Child Welfare and Attendance, Los Angeles City Board of Education (conceal due to the sensitive nature of his official position, and at his personal request - who has furnished reliable information in the past), orally advised the writer that he had obtained the following information regarding HHSSPU:

An inflammatory publication titled "INSIGHT," issued by the HHSSPU, bearing the return address of 1620 South Hi Point, Los Angeles 35, Calif., has been received through the mail by students of Hamilton High School, at their respective residences. Mr. NUNN will attempt to obtain a copy of this publication and make it available to the writer for examination. Students with the last names of EFRON (whose mother allegedly is a teacher at Dorsey High School), and TAVLIN (whose parents are also reportedly teachers), are named in this publication, according to the information available to Mr. NUNN.

According to Mr. NUNN, the next activity of the HHSSPU is to be a meeting at the home of STEVE SCHAF, 1611 Stearns Drive, Los Angeles 35, at 3:00 p.m., on either June 27 or 18, 1966 (exact date not determined). Guest speakers at this HHSSPU were scheduled to be MICHAEL BOYD HATTON, ex-Los Angeles Police officer; and RICHARD CALDERON. (Street directory phone book lists one A.SCHAF, at the above address, with telephone number 938-4492).

(The Western area telephone directory lists both JEANNI TAVLIN and RUTH TAVLIN, telephone number 274-4192, at 1620 Hi Point, Los Angeles; and in addition, the Crisscross Street Directory lists one M. TAVLIN, at the same address, but with telephone number 935-2825).

The information orally furnished by [redacted], recorded above, will be included in a written report to be submitted at an early date.

ACTION: Recommend 100-Dead file be opened on the HHSSPU for purposes of future channelizing.

## On Education at Hamilton High School

There is, currently, a very strange paradox of educational philosophies at Hamilton High School. This is evidenced by an official view that students should be treated as children and simultaneously that students should act as adults. There is obviously something wrong with this situation.

We, the students, are thought of as very immature. Most of us are considered incapable of assuming responsibility. Students are said to be too young and inexperienced to make decisions for themselves. It seems that students are thought of as a necessary evil of the educational system. Yes, we are merely a "bunch of kids", and we have to be taught, disciplined, and fed.

This administrative theory is applied, for example, in the following manner; Since the students, to make responsible, significant decisions must be well informed on all facets of all problems, we may be rather certain that students are kept relatively ignorant and apathetic. An examination of Administration policy will verify this. No literature on outside affairs or petitions of any sort may be circulated on campus. Controversy is avoided and sometimes forbidden in the classroom and in student government. Thoughtless, decisionless mediocrity has become an attribute of the ideal student. This encourages ignorance and breeds apathy. Thus, the present situation shows a group of individual teen-agers coming to school to be treated like a "bunch of kids".

But how are we expected to act, both now and later? In school we are to act like respectable, responsible young adults. We are told we should make our own decisions, that the administrators are there to help us. And what happens after we graduate? We are supposed to go into the world as responsible, independent young adults. Then we will have to make important decisions. We are expected to be and soon will have to be exactly what official policy will not let us be.

This is the irony of the paradox. Both facets of the paradox cannot exist equally well--it's one or the other. The inconsistency must be made consistent.

Why do we need a free student newspaper?

School papers are free in structure, but.....

What school paper will print what you want?

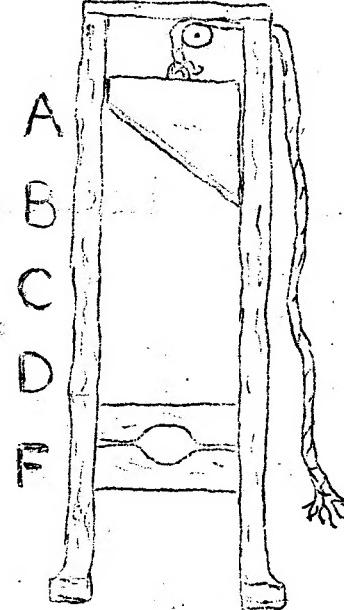

What school paper will offer completely uncensored writings, regardless of viewpoint?

What school paper is democratic?

"Insight" is not a school newspaper.

Creativity is the essence of democracy.

# Two

The first solution to the problem is to let students act like the kids they are treated as. But this will make them enter the outside world with the same immaturities they had when entering high school. That is impractical and wrong. The second and more practical solution is for the administration to treat students exactly as the adults they are expected to act like. This makes a bit more sense.

It is true, of course, that if the latter solution were adopted, students could possibly make very costly mistakes. We sure will!! But that is how learning takes place. A school's purpose is to teach us how to live in the world by letting us make decisions, act responsibly, assume responsibilities, and gain vital experience for ourselves. It is time now for the school to realize this and act accordingly.

## A VIEW OF STUDENT GOVERNMENT

The organ for placation of justified student dissent, student government, is nothing more than an administration front for rationalization of the complete lack of student liberties on campus. It is felt that if the "stages" of student government are held up and given exalted positions, the student body will be appeased and feel that it actually has some say so in the managing and running of its affairs, this contention by the administration is the central fallacy which insures the total failure of any program built on its foundation.

The administration of the school has no desire or inclination towards the granting of the legitimate student demands. At Hamilton High School the lunchcourt has descended into a pig sty. Large barbed wire fences give the appearance of a concentration camp. The effect of 3,200 students jammed into an area not fit for 300 students is most demoralizing. This cesspool has been allowed to fester and grow until the conditions now are a definite danger to health; to say nothing of the obvious loss of morale on campus.

While the sweltering garbage dump is allowed to remain the sole place for students to eat, a painted line separates the students from much needed feet of eating space. There is none there. There are no classes on the land adjacent to the trash heap, there are no factors which would prohibit use of this land--except the pigheaded administration.

The attitude is one of "We'll show those kids that they better take what we dish out and like it," certainly most noble attributes for high school administrators supposedly interested in the welfare of the students. An outbreak of vandalism and general lawlessness has struck Hamilton High School; the problems of the school are manifold.

If conservatism is dead, it certainly did not commit suicide. The existence of an alternative to the present wild road to welfare statism is not appreciated by the liberal spendthrifts, who join with their fellow-traveler "moderates" in squelching right-wing opposition. This usually takes the form of simply labeling anyone professing anything near conservatism as a reactionary or Bircher or some other convenient title and then dismissing him.

It is therefore in order to examine this controversial ideology. It should certainly not be the outdated Burkean views or the radical utterances of Robert Welch. Conservatism cannot be justified without emphasis on all phases of individual liberty. Political freedom must go hand in hand with economic freedom. Anyone who is in favor of seriously limiting free speech or banning peaceful protests has little faith in the individual or his power to rationally make decisions, and therefore is not a conservative.

It is obvious that liberals put little trust in the power of individuals to think and act to better themselves. The liberal feels that if someone is poor he is automatically a victim of society's cruelty and therefore deserving of handouts and doles. Years of blind liberal welfarism has created nothing but chaos, mismanagement, and graft. The poor are

## THE PEC

With vast areas of the school begging for attention, with problems staring the dynamic trio in the face, what is their answer--well you students have your student government.

The students of this school have been sold down the river by their student government. It represents the needs and wants of all Hamiltonians about as much as the poverty board elections represent Watts. Student government really means a student leadership training course. Students are taught the skills which is thought they will need to lead in the future, the skills of compromise, acceptance of mediocrity, and general lethargy.

We elected a President this term who we thought had new and wonderful ideas. I voted for him, as many of you must have. Yet he has not put ONE of the programs through. WHY? Is it because he has lost interest in what we want? Is it because he does not care? Has LEIGH STEINBERG SOLD OUT?

I cannot think that he has. I remember him as the courageous campaigner on social clubs, the person who always fought for the common man, the guy who always fought authority when it was not right. Yet nothing is being done with the most aggressive and dynamic President we have had in years. Why?

The reason is that the president has no power. He is a tool; a puppet of the administration. He is their mouthpiece. He is helpless in the hands of authority. He has no choice but to follow administrative directives or to be fired. All of student government has no power, they are all stooges.

In the document, "A Philosophy for Student Government" by John Sanders, he states that student government is a privilege not a right. It rests solely on administrative prerogative. And now the issue is out in the open, there is no such thing as student government. The administration has set up a class which it so happens that the student body elects (when only 25% of them vote it cannot be called an election) that runs errands and fronts for the whims of the administration.

Hamilton High School has been subjected to a cruel hoax; a-fantastic boondoggle which must be thrown away and trampled on. STUDENT GOVERNMENT MUST NOT BE ALLOWED TO DO IT'S NOTHINGNESS AND MEDIOCRETY IN OUR NAME. STUDENT GOVERNMENT MUST BE ABOLISHED SO THIS STUDENT BODY CAN START MOVING!!!!

--George Grossman

### STUDENT PEACE UNION COMES TO HAMILTON AREA

Several students at Hamilton High School have decided that the students who are for a peaceful world have been pushed around long enough. They have decided to organize a Student Peace Union.

S.P.U. believes that the knowledge of the issues is a prerequisite to effective

conveniently used for political purposes, when they receive any of the money at all. The liberals have conveniently chosen to forget principles of private property and to instead consider property as a one sided deed held in trust for the general welfare of the public. No such trust exists. It is nothing more than legalized robbery and force that smacks too much of a totalitarianistic whitewash.

In foreign policy conservatives stand against liberals following that "reactionary" policy of Harry Truman called "containment." Most so-called "wars of national liberation" are in reality not much more than out-right communist takeovers. This is what is happening in Viet-Nam today. Against this threat all the liberals have to offer are half-hearted pleas for "morality" (as if there were ever any "moral" wars) and leaving a conflict that is none of our business. The latter argument is what the American Secretary of State implied about Korea three weeks before that country was attacked in 1950.

As crime rises, as our military position weakens, as our morality crumbles all the liberals have to offer is a stale jargon that does little except to add to the generally sickening feeling. The only "way out" is not through more government but through more individualism. That built our country. It can do it again.

### EDITORIAL ANNOUNCEMENT

"Insight" is written, printed and mailed solely by Hamilton students. Its management is totally free from outside influence or control. This situation, however, raises one problem. Since the paper is free, there is a question of finances raised. IF the paper is to continue, there is the cost of production which must be met. Therefore, it would be very helpful and appreciated if all students who

tive action. S.P.U. encourages research on the specific problems of peace and international relations and seeking ways to present these problems to a wide audience.

To join, you must adhere to the S.P.U.'s Statement of Purpose. Admission to the organization also includes a charge of \$3.00. This covers expenses for bulletins put out every month. In addition, each member also receives a peace button.

#### STATEMENT OF PURPOSE

The Student Peace Union is an organization of young people who believe that neither war nor the threat of war can any longer be successfully used to settle international disputes and that neither human freedom nor the human race can long survive in a world committed to militarism.

The Student Peace Union's first meeting will be held on June 18th. The guest speakers will be Richard Calderon and Mike Harmon. Mr. Calderon was the candidate for State Senator in the 27th district. He has been ridiculed on many different occasions because of his liberal attitudes. Mr. Harmon was suspended from the L.A. Police Department because of his participation in civil rights demonstration.

The meeting will take place at the home of Steve Scharf, 1611 South Stearns Dr., L.A. 35. It will start at 3:00.

#### ON THE LUNCH COURT AT HAMILTON HIGH

The attitude currently prevalent is that students cannot assume responsibility for their lunch court. They must eat somewhere, so they are penned into a relatively small area. They are too immature to assume any added responsibility in the face of the change in conditions.

But the students must act adult and bear with the slight inconvenience brought on by construction. These immature, irresponsible students are told to act like mature young adults.

There are two possible solutions to this situation. The first is to continue treating students like children and accept that they will reciprocate by acting like children. The second is for the administration to (a) realize that students will only act adult if they are treated as young adults, and (b) act accordingly (i.e. give them freedom of movement, some choice, and a chance to assume responsibility). The first solution is impractical, unwise and contrary to the basic purpose of a school. The second is practical, very logical and a wise educational move. The first is slowly being carried out. The second is suggested by this paper.

Therefore, this paper is being written in the hope that the administrators are more adult than the students. Hopefully, the administrators will be more mature than the students and take the first step in alleviating the lunch court problem. Hopefully they will take this

HUELGAS!

The Delano grape strike began on September 8, 1965, as the Agricultural Workers Organizing Committee (AFL-CIO) walked off the fields. The members of the National Farm Workers Association soon followed and started the most vicious strike since the 1930's. There were beatings, strikebreakers, and arrests as the Growers responded to the strike. The strike included a march on Sacramento, a successful boycott of Schenley products and a current nationwide boycott of Di Giorgio products (S & W, Greenway).

In addition, the strike has very positive aspects. A farmers' co-op has been set up. It includes a store, insurance, a credit union and plans for a pharmacy, garage, and hardware store.

High School Students can help support the strike. We can first support the boycott. But more important, we can support the co-op. A share in the co-op costs \$1.00 for a high school student. Anyone interested in supporting the strike should contact Barry Zwick at 934-2825.

This, the first student newspaper Hamilton has had in many years, cannot be allowed to die because most students just don't care. Anyone with any opinion on anything should contribute. step by treating the students as adults and giving the students a chance to prove they are adults. The results can be no worse than the present and can be infinitely better.

In conclusion, let us analyze the lunch court situation as a part and application of the self-conflicting educational philosophy which is now in question. Such an analysis proves the fallacy of the philosophy.

Throughout their schooling, students are conditioned against making decisions and against assuming significant responsibility.

sibility. The lunch court proves that after such conditioning students will not assume responsibility--precisely as they were conditioned. When individuality, seeds of maturity and pride in the school are destroyed, they will not reappear at the administration's beckoning. Students will only assume responsibility when, throughout their training and opportunities in school, they have learned to do so.

Therefore, since a school is supposed to develop maturity, individuality and pride, this philosophy is entirely out of line. For the benefit of all concerned, it should be corrected immediately.

JULY FIFTH PEACE PARADE COMMITTEE

During the evening of June 20, 1966, a meeting made up mostly of representatives of student groups was held at the home of ILENE RICHARDS, 3285 South Sepulveda, Los Angeles, California, to decide upon the nature of demonstrative action which should be taken against President JOHNSON if he comes to Los Angeles to address the Governors' Conference during the period from July 4-8, 1966.

The group decided they would hold future meetings to discuss this matter, and they will call themselves the July Fifth Peace Parade Committee.

There were approximately 25 persons present at this meeting, representing the following groups:

UCLA Vietnam Day Committee - TOM and ILENE RICHARDS

W.E.B. DuBois Clubs (DCA) - JOHN HAAG, RUTH TAVLIN, WAYNE PRIMAU, STELLA MENATOS, and TED \_\_\_\_\_, of Japanese ancestry.

Hamilton High School Student Peace Union -

High School Students Against the War - STEVEN LIPMAN (phonetic)

Progressive Labor Party - Steve Nieman, DIANE HIRSCH, JIM DANN, MIKE WHITEMORE, JANINE BEIDERMAN, SUE DOUGLAS.

LA State College Committee to End the War in Vietnam - VIC DINNERSTEIN

Bring the Troops Home Newsletter - JULIUS SNIPPER

Socialist Workers Party - ALLEN TAPLIN

Freedom Now Committee - TOM SETTLE, CAROL COLUMBO, WAYNE KING

Iranian Student Association - HOSSEIN HOUSSEINMARDI (who is reported to be subject of deportation hearing action on the afternoon of June 21, 1966).

MIKE GELDMAN was also present, but he did not indicate what organization he was representing. There were also two young girls present who did not identify themselves. The representative from the Hamilton High School Student Peace Union, did not identify himself either. JACK DOUGLAS was also present. He did not indicate what organization he was representing. He indicated he had just returned to Los Angeles the day before, from a trip to Chicago and Philadelphia. He also said that if he gets his "security clearance," he will be leaving for Niger with the Peace Corps in a very short time.

DIANE HIRSCH reported that she would be attending UCLA starting in September, 1966.

The group reported that representatives from this meeting will go to the Greater Los Angeles Peace Action Council (GLAPAC) meeting next Thursday (June 23, 1966) to seek the support of GLAPAC in action decided upon by the July Fifth Peace Parade Committee (JFPPC).

The JFPPC decided that they would hold a picket-type demonstration during the early afternoon of July 5, 1966, at the Century City Plaza Hotel; plus a demonstration wherever and whenever the President of the United States appears to address the Governors' Conference. At the present time the plans of the JFPPC will be based on the assumption that the President will address the assembled governors of the fifty states in a Presidential dinner at the Century City Plaza Hotel subsequent to 6:00 p.m., on Tuesday, July 5, 1966.

Going on that assumption, the JFPPC also is planning a rally-type

Page Two -

demonstration after 6:00 p.m., July 5, 1966, in the vicinity of the hotel.

This rally will be replete with entertainment, speakers, and phonograph records.

Two internal subcommittees were established, as follows:

1. Publicity subcommittee - which, among others, will be

headed up by HOSSEIN HOSSEINMARDI, TOM RICHARDS and  
JIM D ANN.

2. Program subcommittee - which will have the responsibility

of obtaining the speakers and entertainment for the rally;  
and of researching the physical location, and the laws and  
regulations which will govern such a rally in the vicinity  
of the Century City Plaza Hotel. This will be headed up  
by ILENE RICHARDS and DEL LUBA (phonetic).

It was reported that the UCLAVDC would hold a meeting at the home  
of TOM and ILENE RICHARDS during the evening of June 21, 1966; the first half  
of which will be devoted to a business meeting, and the latter half an  
educational, to be led by TOM RICHARDS.

It was decided that the next JFPPC meeting will also be held at the  
home of TOM and ILENE RICHARDS, on Sunday afternoon, June 26, 1966.

This JFPPC meeting of June 20, 1966, started at approximately  
7:30 p.m., and was adjourned at about 11:30 p.m.

June 22, 1966

"PEACE ACTION COUNCIL MEETING OF JUNE 16, 1966

"The meeting was chaired by IRV SARNOFF.

"The minutes of the June 9, 1966 meeting were read and approved. IRV announced that copies of the call leaflet were available in quantity and those wishing to take them back to their groups could get them after the meeting. The leaflet includes a tear off strip at the bottom which may be used in requesting more leaflets or in sending in contributions to our P.O. Box number.

"A motion was put forth that the Peace Action Council decide upon one piece of literature for the July 4th action and that this be the only one distributed by the participants in the demonstration. After much discussion, a roll call vote was taken. The motion passed (14 yes, 6 no and 4 abstentions). A motion to rescind the motion to have a virgil as the type of action for the 4th was refused by the chairman.

"The report of the leaflet committee was submitted. It was decided that the leaflet written by this committee needed to be reworked and that more groups should have representation on this committee. A motion to add STAN KOHLES of the War Resisters League, FRANK BYEA of the Trade Unionists for Peace, EILEEN RICHARDS of the Dubois Club and CAROL WESTON to the leaflet Committee was passed.

"The following slogans were okayed by the PAC: STOP THE WAR IN VIETNAM NOW, NEGOTIATE WITH THE NATIONAL LIBERATION FRONT, BRING THE TROOPS HOME NOW, and also one sign showing the latest count on American casualties. The leaflet committee was given the responsibility of bringing additional slogans to the next meeting.

"The Monitors Committee is to meet and have report for the next meeting.

"A motion that the Peace Action Council support a demonstration against Pres. JOHNSON on July 5th (or whatever date he addresses the Governors) passed.

LA 100-new

"IRV. SARNOFF said that the South San Gabriel Emergency Council will donate the signs for the July 5th action.

"BETTY ROTTGER said that she cancelled the parade permit for July 4th and advised the police that we intend to have a vigil instead. It was suggested that flags of the 50 states might be obtained and that they might be draped in black. WAYNE PRIMAU will check out the details of carrying out such a project.

"The next meeting will be at the Mt. Hollywood Church on June 23rd at 8 P.M.

"The above is a copy of the minutes of the PAC meeting of 6/16/66 submitted to the Peace Action Council.

"Some other information that was learned at the above meeting but not recorded in the minutes follows.

"STAN KOHLES of the War Resistors League said that his group had already printed up 4,000 leaflets that they had hoped to distribute at the July 4th action but since the PAC decided to have one piece of literature distributed by those participating in the action his group would save their leaflets for another time.

"JIM DANN insisted that the PAC decide right away if they'd support a student called demonstration against JOHNSON on 7/5.

"He also announced that those interested in planning such a demonstration meet immediately after the PAC meeting to decide where and when to hold the first planning meeting for this proposed action.

"TOM FOLEY of the UCLA VDC distributed leaflets on a meeting to be held on 6/17/66 at the First Unitarian Church on 8th St. L.A. at which there were to be representatives of the TEMPORARY ALLIANCE OF LOCAL ORGANIZATIONS.

"The following were among those present:

NOTE: Entirely possible that representatives  
from other schools were present.

AGENDA

Friday Afternoon September 5, 1969

The convention started at approximately 2:00pm. The participants gathered in Channing Hall. A person from each school (schools represented at the time) spoke briefly before the body. At that time, approximately seven schools were represented. The speakers generally complained about procedures, administrators, teachers, and gave examples of how their specific radical group attempts to obtain goals.

A particularly interesting comment was made by a young M/C from Venice High School who stated that following a disturbance on his campus, LAPD Officers were assigned to the school for several days, and that the Officers were positioned on the rooftops with their weapons (didn't mention at particular type of weapon) pointed at certain people.

NOTE: I have no doubt that his statement was entirely false.

4:15pm Talk by Bill BEASLEY (SP-?), "Friends of the Panthers." BEASLEY made the following statements:

- Referred to the coming year as the "year of the pigs" because of police oppression/brutality/etc.
- Stated that Chief Edward DAVIS of the Los Angeles Police Department is not only a member of the John Birch Society, but a paid member (receives a salary) of the John Birch Society.
- Panthers "used" to have a bad policy of carrying guns in their vehicles, and were often arrested. Stated that the weapons are now kept in their homes and offices. Further stated that this new policy has resulted in fewer arrests.
- Stated that he is not encouraging or discouraging violence, "but if you're going to blow up a building, do it and keep your mouth shut."
- Offered several suggestions for radicals:

1. "Keep yo mouth shut."
2. Have a tape recorder available to record statements and threats when arrested.
3. Stated that cameras are a "must." Further stated that an important case was recently won because photos were taken.

NOTE: Involved Terence "Kayo" HALLINAN. See enclosures for article from peoples world.

4. Advised against planning illegal acts during open meetings because of undercover officers. Further stated: "I'll bet there is an undercover LAPD "PIG" in here right now, disguised as a student."
- Encouraged the participants to participate in an "International School Boycott" which will take place in November.
- Stated that on September 21st, a "Park-in" will be held at Griffith Park to protest further legislative restrictions on noise from musical instruments. Stated that the event, which will be held in the merry-go-round area, was originally scheduled/plan for Elysian Park, but the plans were changed as it was felt that the latter could not accomodate the "thousands of people who will attend."
- Urged those present to wear white arm bands (were distributed) in mourning for North Vietnamese President Ho Chi Minh, who recently died. Further urged that the armbands be worn everywhere until the burial, and that when asked, individuals should explain why the bands are being worn.

Friday Afternoon Folk on "Women's Liberation." A panel discussion which was indicated on the agenda, I have no knowledge that it took place.

Friday Evening, Approximately 8:15pm. Talk by Clifford FRIED (IDF). Typical "Cliff Fried, CPUSA Pep Talk." Said very little information not previously recorded. Stated, among other things, the following:

- Stated that a mass teachers strike is going to take place that will involve all parts of Los Angeles. Stated that this information was received "yesterday" (or "day before yesterday") in a meeting of the American Federation of Teachers (AFT).
- Urged that the students not isolate themselves from other people, must constantly struggle for new members/radicals, etc.
- Stated that the High School Union must publish a newspaper or newsletter for communications, propaganda, etc.
- Stated that the High School Union should join SDS.

Friday Evening, Approximately 8:45pm. Talk by Michael KLONSKY (IDF). During his talk, KLONSKY stated the following:

- Stated: "We are "INTERNATIONALISTS," not just students at Jefferson, Hamilton, or Fairfax High. We have a common interest, to overthrow this racist and imperialist system."
- "Everyone in this room will probably see the overthrow of this racist, imperialistic system."
- "Some of us will be jailed, injured, and even killed. We must be prepared just like the Vietnamese people." (Statement made in reference to the part students will play in the "revolution.")
- "Some of our people just met with the National Liberation Front (NLF) people from North Vietnam in Cuba." Stated the following about this meeting:
  - "They know they are winning, the signs of success are very obvious."
  - Stated that the NLF asked the SDS representatives to assist them by organizing the students and working people of the United States, against the war and U.S. "Imperialism."
  - Stated that the North Vietnamese were well aware of activities in SDS, were quite well versed on the recent organizational split, and indicated a continued, great interest in SDS activities.
- Stated that attention must be given to the enemy's criticism. Explained that while the enemy's ideology may be wrong, his criticism may be valid.
- Stated that people must be careful of ruling class groups which attempt to "co-op the people.". Stated that one such group is the National Students Association, "A front group for the CIA."
- Stated that some people object to the High School Union going into SDS. Further stated that to do so might be a mistake, and the day may come when SDS dies out like other organizations. Even so, KLONSKY explained; this would not affect the struggle against racism and imperialism.
- Stated that students must not isolate themselves from workers, and that when workers go on strike, "we must be on the picket lines, laying ourselves on the line, just like they are." Also stated that if "Black Rebellions" occur in the ghetto, "we must go to the aid of our black brothers." (statement not verbatim).

-Stated that "everybody is being repressed, the military are developing millions of revolutionaries, repression the military is very strong."

-Stated that students must demonstrate and take action against the "International Industrialists Conference" (IIC) which will take place in San Francisco, September 15-19, 1969. Stated that industrial exploiters from all over the world will be in attendance.

Saturday Morning, September 6, 1969. Approximately 11:00pm.

Two "Workshops" were held:

1. Women's Liberation.

2. Vietnam War/Imperialism.

This "workshop" was 100% anti-US, "anti-imperialist," pro-communist. Only deviation from standard CPUSA line (political) occurred when a Progressive Labor Party advocate tried to inject PLP philosophy. The group was solidly CPUSA oriented, PLP advocate made no headway.

Saturday 12:30pm - 2:00pm. Lunch Break.

Saturday, Approximately 3:00pm. Talk by Black Panther.

F/N, approximately 24, 5-5, 120, BB, moderate "natural." Identified only a "Gwinn." Spoke about three subjects:

RACISM: Stated the following:

-Racism is just a part of the capitalistic system, a symptom of a much bigger problem, and that capitalism could not exist unless a certain number of people were repressed, permitting them to realize greater profits.

-Stated that the "Panthers" do not consider all black people to be friends, to do so would be racist. Briefly attacked (verbally) cultural nationalist organizations, especially US.

IMPERIALISM: Stated the following:

-U.S. Imperialism is part of "International Capitalism."

-Stated: "most of you fellas are of draft age, the only opportunities are: 1). be drafted, go into exile, or be drafted, not much of a choice. This lousy system must be overthrown."

FASCISM: Stated the following:

-Fascism, "is having cops bust your head on phony charges, etc. Emphasised that "fascism does exist."

-Was highly critical of LAPD's "Metro Squad" (Metropolitan Division). Stated the following about this unit:

-A small force of trained killers!

-They all carry .357 MAGNUM revolvers.

-Drive plain vehicles with a red spotlight in the middle of the dashboard.

NOTE: Was very critical of a particular Metro Officer (cannot remember his name), stated that he can be identified by the UCLA sticker in the rear window of the brown sedan (city vehicle) which he drives.

-Stated that those present, if not already, will soon become familiar with the "Metro squad when they go on your campus."

-Stated that during a recent trip to San Diego, a policeman grabbed a female panthers drivers license out of the subjects hand. Stated "this is abuse, the law books say do don't have to show any identification unless you're arrested!"

Saturday Afternoon, Workshops.

After the talk by the Black Panther, workshops were continued. The agenda called for the following workshops:

1. Womens' Liberation.
2. Vietnam.
3. Imperialism.

NOTE: During the morning workshops, Vietnam and Imperialism were grouped together in the same workshop.

Saturday Evening, 5:30pm - 7:00pm, Dinner Break.

Saturday Evening, 7:00pm, Dance.

Sunday, September 7, 1969. Organizational Structure & Policy.

The agenda devoted the entire day to "Organizational Structure & Policy." The following organizational structure was developed, and the policies outlined:

MEMBERSHIP: Will be open to all students who basically agree with the anti-racist and anti-imperialistic nature of the organization. Expulsion to be based solely on political reasons, such as consistent disagreement with the political beliefs of the organization. It was emphasised that removal would not be based on any personal disagreements.

CENTRAL COMMITTEE: The governing body of the organization shall be known as the "Central Committee." The leadership of the "Central Committee" to be elected by the general membership of the organization. Members (excluding leadership) of the "Central Committee" will be selected in a manner to be determined by the region which they represent.

REGIONS: Regions to be established on the basis of the geographical location of the various schools.

NOTE: I was not present when the formal regional boundaries were formed. I was present during a discussion of possible boundaries however, they were as follows:

- All Valley High Schools in one Region.
- Three schools would form (possibly) one Region in the case of the following schools:
  - Fairfax High School
  - Hollywood High School
  - Hamilton High School

NOTE: My understanding is that the number of schools in a given Region was not the prime consideration, but rather the geographical proximity of the schools in their respective Regions. In addition to the proximity of the above three schools, it is felt that maximum student participation comes from these schools.

The structure of the Regions to be determined by the participants, which will come from the various High Schools within the geographic boundaries of the Visions.

COMMITTEES: The following Committees will be formed in, and by the membership of the "Central Committee:"

1. "Internal Education & Communications Committee": Will be concerned exclusively with the education of members of the High School Union, and to effect communications between it's members. It was mentioned that an internal newspaper/newsletter be established for the exclusive used/distribution by/among the membership.
2. "External Education & Communications Committee": Will be concerned with the education and dissemination of non-members. Was mentioned that a function of this committee would be the publication and distribution of a newsletter/newspaper for non-members.

PREAMBLE: Pending. The preamble has not yet been written. Several students stated that the organization would not be permitted on campus unless the Administration (High School) had a copy of the aims, etc., of the organization. Replies to this were that the High School Union isn't meant to be a legal campus organization, and that if the group is to survive on campus, it must form a front for cover. Stated that each school has a policy that campus organizations must conform with things such as: no discrimination, no violence, non-profit for other than charitable reasons, not advocate the overthrow of the government, etc., explained that the participants merely have to form a front group that conforms with the requirements, find an advisor. Stated that after formed, the group can say just about anything it wants to say provided no faculty members are present.

NOTE: Although the above statements pertain to on-campus activity, off-campus activity will probably be great.

AFFILIATIONS: The "High School Union" decided to affiliate with the "Students for a Democratic Society." This affiliation is with the faction known as the "Revolutionary Youth Movement," a Chicago based, nation-wide organization, heavily dominated by the "Communist Party, U.S.A." The "High School Union" has adopted the "anti-fascist, anti-racist, and anti-imperialist" platform of SDS.

DEMANDS: Although more demands will no doubt be forthcoming, at present I know of only one: The immediate withdrawal of U.S. Troops from all other countries.

CHAIRMAN: A F/C (NFD) named "Denise" was elected or appointed (probably elected) "Chairman" of the "High School Union."

Miscellaneous Information:

-Was mentioned that schools should be included in the various regions if they are within the geographical boundaries even though a "High School Union" chapter does not exist. This was suggested as the group hopes to have representatives on all campus eventually.

-All participants appeared to be caucasian. A large percentage appeared to be Jewish. This could probably be explained by the large number of students from the Fairfax-Hamilton-Hollywood group.

-Was mentioned that the most radical schools in terms of radical students at this convention were:

HAMILTON HIGH SCHOOL

FAIRFAX HIGH SCHOOL

HOLLYWOOD HIGH SCHOOL

-When "Organization-Structure" was being determined, an unknown F/C from the "Women's Liberation Workshop" informed the group that the workshop decided that each school would have two representatives on the "Central Committee;" one male and one female.

NOTE: This structure did not evolve because: 1). Not enough students represented from each school, to have uniform compliance, and 2). Regional system was developed.

-It was acknowledged (undisputed) that the "High School Union" was founded at Culver City High School.

-Received information subsequent to the convention that one of the Regions formed was known as the "Culver City Region," and that representatives from two schools within that Region; Venice High School and Westchester High School, walked out of the convention because of a minor disagreement. Informant was confident that the representatives would return however. This small walkout did not reflect the feelings of all present (unknown number) from those two schools, but merely the individuals involved.

-A selection process was used to determine who was invited to attend this convention, not all students were encouraged to attend. In addition, dissemination of information regarding this convention was limited.

-Was mentioned in the "Organization Structure & Policy" gathering that it is hoped that eventually the High School Union be represented "from San Diego to Fresno."

-The "Third World Bookstore" maintained a literature table during the entire convention.

-A F/C named "Carla" \_\_\_\_\_, a recent graduate from Fairfax High and a probable future student at CSGLA briefly attended the convention on Saturday. She appears to be a probationary PLP member (Young, PLP line, selling the "Challenge," etc.). Attempted to inject PLP politics into a workshop discussion, not very effective.

-Bill BEASLEY (SP), representative of the "Friends of the Panthers," attended the entire conference. In addition to the talk he presented (page 2), BEASLEY helped maintain the roster of those in attendance, and sold buttons with the following lettering:

- "ALL POWER TO THE PEOPLE."
- "COMMUNITY CONTROL OF POLICE"
- "UNITED FRONT AGAINST FACISM"
- "STOP TRICKY DICKS FASCIST WARS"

-As indicated in the text of BEASLEY talk, the group was provided with white armbands to be worn in mourning for the death of the President of North Vietnam. When provided, I did not observe one person fail to place the band on his/her arm. Further, most of the participants wore the bands during the entire conference.

-While as complete as possible, it can be expected that some minor details are not found in this report. This is attributed to the difficulty encountered when an older person is not trusted by these youngsters. To avoid greater difficulties, some of the minor activities were not attended (dance, some workshops, discussions, etc.), however some information on these activities was nevertheless received.

-The demeanor of the participants (generally) of this convention was consistent with their age groups. Several incidents of childish arguing (more childish than the adult radicals) were observed.

-Considering the general political overtones, guest speakers, location, etc., it is my OPINION that this "High School Union" will be led and influenced by the "Communist Party, U.S.A."

-Names of various individuals were difficult to obtain because the roster was always in someone's custody, a good percentage of the speakers did not identify themselves, and the usual problems were encountered with retention of information. Recording of information was especially difficult because of the increased suspicion encountered. The large number of cars from different activities and buildings on the street made determination of participant's vehicles difficult.

-One vehicle present which was used by a participant was:

TUD653 Registered to: 66 VW  
Sam WIENIR  
2126 S. Beverly  
Los Angeles

## Student Union

### Convention

High school students, lacking even the most basic civil rights, are required by law to attend 30 hours in a fenced in environment called school each week. Often their curriculum has nothing to do with their personal aspirations, and the courses that are available are screened and watered down by administrators and board members. The campus is sometimes patrolled by "security" guards, and the student is not allowed to come and go as he pleases.

The "educational" system puts more emphasis on teaching us what to think rather than how to think. It programs us with mis-information about the struggles of people throughout the world for a better life. The system practises political censorship in school publications as well as on-campus speeches.

As high school students are oppressed as a group, we must work as a group in eliminating our common problems. We feel there is a vital need for high school students to come together, to discuss and reach some basic understanding of the causes of our problems, and to search for viable solutions to those problems.

Therefore, members of the Culver City High School Student Union, in correlation with members of other such high school organisations, have called for a HIGH SCHOOL STUDENT UNION CONVENTION, on the 5th, 6th, and 7th of September. This conference will take place at the 1st Unitarian Church, 2936 West 8th St., Los Angeles.

FOIA(b) (7) - (D)

The Voice of the student has been either silent or saccharine since the beginning of the educational system in the U.S. Accordingly, students failed to complain when complaints were needed, refused to ask questions when they should have been raised; refused to act when action was needed: education stagnated.

Students are beginning to stand up, challenging a system that is irrelevant to their needs. However, these voices have rested on the strength of the individual - net strength of an organization.

Questions are being asked about the educational system. Board of Education members, administrators, teachers, and students MUST TAKE ACTION BEFORE THE SYSTEM FAILS COMPLETELY.

Why are students forced to take classes which have nothing to do with their interests or other aspirations? What is the Purpose of school? Do we need a grading system? What about irrelevant curriculum? Honest textbooks? There are so many questions and so few answers. An UNITED STUDENT UNION CONVENTION has been called for September 5-7 at the 1st Unitarian Church, 2936 West 8th St., L.A., by the newly formed United Student Union. The purpose of the convention will be to clarify the issues facing students, and plan actions accordingly.

# HIGH SCHOOL WOMEN (L.A.)

Our High Schools are one of the prime agencies of repression

and oppression in this society. They perpetuate racism and the economic oppression of working class and Third World people, while allowing the white middle and upper classes to attend Universities where ruling class interests control their training for managerial positions in Big Business.

However, there is a special slot in the High School tracking system for women. By the use of compulsory homeaking classes and emphasis on domesticity, high schools channel girls into traditional oppressive roles (forced housewifery, low paying, intellectually insulting secretarial jobs, etc.).

One of the most blatant tools for keeping high school women oppressed is the lack of birth control and abortion education. Countless numbers of high school girls are made to quit school and enter into forced marriages, or turn to irresponsible abortionists because of lack of birth control education.

High school and the culture that surrounds it perpetuates the definition of women by their sexuality by establishing Homecoming Queen and cheerleader images for girls to live up to. Girls League functions solely to encourage this and to perpetuate a consumer mentality in high school girls which leads them to think "you are what you wear". In high school, as in society in general, every day in the life of every girl is a Miss America Contest.

Finally, energies of all high school students are channeled into petty organizations and "high school spirit" so that students never can realize and deal with the gross oppression that surrounds them.

WE MUST CONFRONT THESE ISSUES. WE MUST EDUCATE WOMEN AROUND US ON THESE ISSUES AND BRING THEM INTO A MOVEMENT TO FIGHT THE ECONOMIC, CULTURAL, AND POLITICAL OPPRESSION OF ALL PEOPLE IF YOU WANT TO ACT ON THESE ISSUES:

On 12/1/69 at 2000 hrs. approximately 750 persons gathered at Hamilton High for the purpose of attending a planned meeting, including the showing of the film "The High School". Groups represented at the meeting were: The L.A. Educational Council, L.A. Educational Alliance, Crenshaw and West Hollywood Coordinating Council, Join Hands, Apex Community Coordinating Council and Valley Educational Council.

The film "The High School" was shown first. This movie depicts a high school campus and the totally lack of understanding of counselors, inadequate teachers, bad teaching conditions etc. It is a completely negative movie. After the film Dr. Jack Byrom was introduced by

Dr. Swartz. A panel discussion followed. Panel members included Dr. Byrom, Dr. Swartz, Lyle Suter and two unidentified students, one from Hamilton and one from Fairfax.

Throughout the film and panel discussion emphasis was placed on "How poor our high schools are", "also" the students need freedom, no censorship, no dress codes, the students should be allowed to set up their own classes. When asked for specifics no panel member would commit themselves, although they indicated "action was needed".

The persons attended consisted of 80% adults 20% students of high school age.

A closing comment included "our students should be given freedom and not persecuted".
